COREY ON AN OUTING.

Steel King and His Wife Are at Clark
Lake Near Watersmeet.

President W. E. Corey of the Steel
Trust and his wife, who was formerly
Mabelle Gilman, the actress, are at
Clark Lake near Watersmeet on a
pleasure trip. They arrived on a spe-
cial train and were accompanied by
an orchestra of eleven pieces. In the
party are Mr. and Mrs. Corey, Mr.
Corey's parents; Mr. and Mrs. Arthur
Riggs, the latter being Mrs. Corey's
sister; Mr. and Mrs. A. A. Corey Jr.,
Miss Ida Wynne, daughter of Robert
Wynne, United States consul general
in London, Georgetown, Guyana and
A. W. Allen.

Mr. Corey denied that he was carry-
ing musicians through the country so
that Mrs. Corey might have in the
wilderness of this northern country
the musical atmosphere to which she
is accustomed.

To the newspaper men who called
on Mr. Corey he said that business
has picked up at least 35 per cent dur-
ing the last few months and that he
expected it to be back at its normal
stage before another twelve months
had passed.

FAE SHAFFER MARRIED.

Miss Fae Elizabeth Shaffer and
Lou's Dudley Matchette were mar-
ried last Saturday at Waukegan, Ill.
They will be at home after October
15th at 100 Eleventh Street, Milwau-
kee. The bride is the daughter of
Mrs. E. Shaffer, formerly of Rhine-
lander now of Tomahawk Lake. She
received her education in the public
schools of this city and later gradu-
ated as a trained nurse from the
Trinity Hospital at Milwaukee. For
the last two years she has been fol-
lowing her profession at Milwaukee
and other cities in southern Wiscon-
sin. Among her friends here she is
very popular.

LOST IN TIMBER.

E. H. Melkiohn, formerly of Rhinelander
May Die in Western Woods.

Dispatches to the daily press from
Seattle, Washington state that E. H.
Melkiohn, a member of a firm of
timber brokers of that city, is lost in
the heavy timber near Arlington.

W. E. Brown, who was in Seattle
a few weeks ago says that while there
his son Ralph with Ernest Melkiohn
and others were arranging for a trip
thru the timber section. Mr. Brown
is of the opinion that Ernest strayed
from the rest of the party and is lost
in the vast wilderness.

If the story as reported is true, the
young man is in a terrible predic-
ment and it is doubtful whether he
will ever be found alive.

Ernest spent a number of years in
Rhinelander and up to two years ago
held a position with the Brown Bros.
Lumber Company. He then went
west where he has since followed the
timber business.

BALL RUINS ISSIE'S HAT.

Issie Cohen was at Chicago this
week and witnessed the world's
championship games between the Chi-
cago Cubs and the Detroit Tigers. Is-
sie is an old Detroit boy and of course
has a warm spot in his heart for the
Tigers. He occupied a seat among
the fourth row of right field bleachers.
When Thicker of the Cubs made that
famous home run the ball came
straight for Issie and in falling struck
his hat, ruining a brand new five dol-
lar Stetson. There are many who
may doubt this story but Issie has
the damaged hat and the ball both as
evidence.

NEW SOO EXTENSION.

There is some talk of the Soo line
building an extension from Bayfield
along the Lake Superior shore in the
northern part of Bayfield county.
The towns of Port Wing and Cornu-
copla in Bayfield county, have long
been clamoring for a railroad and the
two places will offer all kinds of
inducements to have the railroads
build thru the towns. A valuable
strip of farming country lies along the
shore of Lake Superior and there is
also an abundance of standing timber
which should be taken in by the road.

DEATH WAS SUDDEN.

Mrs. John O'Brien died very sud-
denly Monday afternoon at the resi-
dence of Geo. Cook where she made
her home. Heart failure was the
cause of death. She was about sixty
five years of age. The funeral was
held yesterday afternoon at two
o'clock from the M. E. Church, Rev.
Tink officiating. Mrs. O'Brien had
been a resident of Oneida county for
some time and had many friends in
this city.

MEN SUSPECTED OF BANK ROBBERY ARE ARRESTED IN RHINELANDER

CLERMONT AND RADLEY THOUGHT TO BE MEMBERS OF GANG THAT
CRACKED SAFE AT LADYSMITH.

Sheriff Vaughan and Chief Straub Make Capture—Men Well Supplied With
Money—Carry Huge Revolver—Both Believed to Be Old
Offenders—Taken to Ladysmith.

James Clermont and James Radley
were arrested in this city Monday, by
Sheriff Vaughan and Chief of Police
Straub, on suspicion that they are
men who were implicated in the rob-
bery of the State Bank at Ladysmith
on the morning of Tuesday, Sept. 29.

Clermont and Radley arrived in the
city the evening before from the
north. Clermont is well known to
the police here having been ordered
out of town several times in the past.
The men were around town together
part of the time and visited several
saloons spending money freely.

They had not been here long before
the attention of Sheriff Vaughan and
Chief Straub was directed to them.
The officers believed that the men
were connected with the Ladysmith
bank robbery. The Chief easily re-
cognized Clermont as a maker of wire
coat hangers whom he had told to
leave the city some years ago. It
was also noticed that the man carried
his hand in a bandage and walked
lame.

Later in the day the men became
separated and Clermont traveled
alone. He was seen to enter a Brown
Street saloon and Chief Straub fol-
lowed. Clermont stood at the bar
talking to the barkeeper and paid no
attention whatever to the officer.

After sizing the man up thoroughly
the Chief summoned him to a rear
room and told him that as he was
suspected of carrying concealed weap-
ons, that he must submit to being
searched. The man at first objected
strenuously at this but later quieted
down and allowed the officer to feel
his pockets from the outside. The
jingle of silver could be heard but no
gun or weapon of any kind was dis-
covered.

When asked how he had been in-
jured the man replied that while
cleaning a revolver, the weapon had
accidentally discharged, the bullet
going thru his hand and into
his leg. He said that the accident
had occurred the day before and the
injuries had been dressed by Dr. Torpy
at Minocqua.

The Chief decided not to arrest the
man then, but to keep him well shad-
owed, and in the mean time to see Dr.
Torpy, who was in the city that day.
The physician informed the officer
that he had dressed the man's wounds,
but that the injuries were several
days old and could not possibly have
been received accidentally.

At the time of the Ladysmith rob-
bery there was considerable shooting,
and the fact that Clermont had been
shot, further impressed the Chief that
he would make no mistake in causing
the man's arrest. Clermont was ar-
rested by the Sheriff and the Chief
on Davenport Street. When the of-
ficers informed him that he was sus-
pected of being one of the bank rob-
bers he instantly denied any knowl-
edge of the affair. He was taken to
the county jail and the Ladysmith au-
thorities notified.

Radley, Clermont's partner was
arrested at the Soo depot while wait-
ing for the west bound evening train.
It later developed that he and Cler-
mont had intended to go to Iron
Mountain, Michigan. A barkeeper
who overheard a conversation be-
tween the two men that day, learned
that they were planning on doing a
"little job" at the Michigan city.
What this "little job" was the bar-
keeper could not comprehend but
he thinks that it was a robbery of
some kind.

Detective Hicks of the Soo line was
at the depot and readily spotted Ra-
dley as a man answering the descrip-
tion of one of the safe blowers.
The man was attired in new clothes
and carried a grip. This grip was
found to contain a large revolver
which in appearance resembled a
small sized cannon.

Radley did not know that his chum
had also been arrested, and the two
men were confined in different parts
of the jail.

When searched, money was found
in nearly every pocket of Radley's
clothing. The total sum was \$380,
\$300 of which was in paper bills and
the remainder in gold coin. One
twenty dollar gold piece was badly
twisted, as though it might have been
rendered in that shape by an explo-

KILLED IN THE WOODS.

Mike Callahan Struck By Tree—Once
and Mine In Australia.

While at work in the woods near
Goodnow, Saturday forenoon, Mike
Callahan was struck on the head by
a falling tree. His skull was crushed
He died that evening never regaining
consciousness.

Callahan was about fifty-five years
of age and for the last fifteen years
had worked for various logging occu-
pations in this part of the country. He
was one of the best known woodmen
in Northern Wisconsin.

His body was taken to his home
near Janesville for burial.

It is said that at one time Callahan
was worth a large amount of money.
He went to Australia when eighteen
years of age and struck it lucky in
the gold fields. Through a deal with
an English syndicate, his holdings
property was actually stolen from
him. Although he still possessed
several thousand dollars, the syndicate
heart and after coming back to
America drank heavily and his prop-
erty gradually dwindled down to
nothing.

ONE ON THE CON.

A good story is being told about a
line passenger conductor. A
man boarded the train at this station
and when the conductor passed the
car stopped him and asked how far
it was from Rhinelander to Minne-
apolis. "217 miles," answered the
conductor rather curtly. The next time
the conductor came along the train
stopped him again and asked how far
it was from Minneapolis to Rhinelan-
der. "See here my man, and the
conductor pompously, "Its 217 miles
from Rhinelander to Minneapolis and
217 miles from Minneapolis to Rhinelan-
der, do you understand?" "Yes," said
the gentleman modestly. "You
didn't know, you see its only seven
days from Christmas to New Year's
but its a long time from New Year's
to Christmas."

ODD FELLOWS AT ANTIGO.

Many From Here Attend Grand Encamp-
ment—Take High Degree.

The sixty first annual session of the
Grand Encampment of Wisconsin, O. O. F.
commenced at Antigo Tuesday
day. Adolph Schauder was in attend-
ance as a delegate from Pelican En-
campment No. 81. Other members
were also present. Mrs. L. Cleary,
Mrs. Mel. Sweet, of this City, and
Mrs. Alex. McCutcheon of Long Lake,
were there and took the degree of
Chivalry. This is the highest degree
of the order and was conferred by
the military branch, the Patriarchs Mil-
itant, which held its fifteenth annual
session there at the same time. Col.
A. D. Heglesen of Ironwood presided
over the deliberations of the depart-
ment council of the Patriarchs Mil-
itant. It is said that the reports of
the grand officers of both organiza-
tions revealed that a prosperous year
was experienced by both branches of
the order.

The Rhinelander people report
that they were treated royally by the
Antigo Encampment.

FREE SEEDS FOR EVERYONE.

names of those who will receive gov-
ernment seeds free at the coming dis-
tribution next March and April.

out their notifying him, but any who
failed to receive seeds should notify
Congressman Morse by postal notice im-
mediately, as the lists are being prepared
at this time and placed in the hands
of the Agricultural department so
that the distribution may be made in
the Tenth district at an early date
in the spring.

INJURED AT FOOTBALL.

While playing football at Iron-
wood, Saturday, Donald Vaughan,
who is a member of the Rhinelander
high school team, received injuries
that put him out of the game. He
fell on a stake and was hurt inter-
nally, but not seriously. He did not
attend school part of this week but
will again be in commission for the
game with Merrill next week.

feiting, takes place today before the

PLATFORM OF SOCIAL DEMOCRATIC PARTY FOR THE COUNTY OF ONEIDA

A POLITICAL ORGANIZATION FOR THE LABORING MAN NOT CONTROLLED
BY TRUSTS OR CAPITALISTS.

Platform Consists of Sound Logic—Should Be Read by Every Man Who Works—His
Interests Are Protected—Socialists Are Active in
Present Campaign.

The social democratic party of Oneida county in convention assembled endorse the national platform of the socialist party and the state platform of that party's state organization known as the social democratic party of Wisconsin of which party the social democratic party of Oneida county is a component part, and declares itself as the party of the working class, appealing for the support of all workers of Oneida county and of all citizens who recognize the natural justice of the great cause of labor.

The socialist party recognizes that in the laboring class is naturally included the brain worker and the manual laborer who works in the factory, the lumbering camp, on the farm, or in the line of work in the service of humanity to obtain the means of a livelihood. Especially is it shown that the farmer only owns, or rents, his right to work in the form of title to land or farm and the large majority of farmers have even that title mortgaged at heavy interest, which is identical to all practical purposes, with rental, and receive as a net recompense their yearly labor (after buying equipment and other supplies at prices dictated by the trusts, and selling the products of their labor at prices also dictated by the trusts) a much smaller sum than that received by the lowest paid laborer in other lines of industry.

This is the inevitable result, when, as under the present industrial system, the trusts by means of private ownership of the means of production and the organization of their lines of industry, are arrayed against the larger mass of laborers, who, while being in part organized, lack ownership, and thus access to the use of those means of production.

Those means of production are the factories, the railroads, the steamboat lines, canals, telegraph and telephone lines and all those things which are, in the broadest sense of the term, merely tools to which the laboring class must apply its labor power in order to produce articles of use for humanity or society.

The socialist party, therefore, realizes that society which is the natural employer of labor, in order to pay each laborer a just recompense for his labor and in order to provide that each laborer performs just labor value for that recompense, must own those means of production of tools and be united in one organization. Such an organization is the socialist party which aims at the ownership of the means of production by society with this end in view.

While, because of the lumbering industry and its various branches, the conditions of the working class in that section of the country occupied

THE CONDUCTOR'S 6088.

A Pullman conductor had rheumatic pains for years, but he hasn't them now, so that is another story except to remark that 6088 took it away. What 6088? Was it a car? Read what the conductor has written:

THE SLEEPING SICKNESS

WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly." That Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

A lady who understands advertising says: "No lady wishes to be looked upon as a shopping fiend; she does not care to go into a store and have a merchant show all his stock in order to find out whether he keeps what she wishes to purchase, and whether the article is sold at a price she can afford. It is much easier and pleasanter to look through the advertisements of a paper than it is to bore the clerks and waste her own time. Next to the local news items, the advertisements in a paper stating articles for sale, with prices, will keep much of the money that goes to large cities at home."

According to press dispatches Fred Wedge has left the pulpit to re-enter the prize ring. Fred was evidently unable to ignore the "call of the wild."
Although a disappointment to the sporting fraternity, Governor Davidson's action in prohibiting boxing contests (prize fights) in Milwaukee is a commendable and approved by all law abiding citizens.
At a fire at Hurley recently the department was so slow in responding that it was necessary to ask assistance from Ironwood. There is no excuse for such an occurrence as every city should be equipped with an efficient fire department.
There has been much controversy in the papers regarding Governor Davidson's speech in the republican state convention on the tariff. The question has arisen, "Is he a stand patter?" The New North representative on the floor of the convention writes as follows:
"The fight over the platform was the most bitter I have ever heard. Governor Davidson showed his true colors by coming right out and saying that he thought that the national platform had gone too far in its tariff declaration. It was as near as I could make out a typical stand pat declaration. He will see some of his statements of today come up to plague him before the campaign is over."
SUPPORT REPUBLICAN TICKET.
Why all this talk about independent candidates for county officers when all men in the various parties used legitimate means to secure their nominations? Under such circumstances why should not the defeated candidates abide by the will of the people? Had the nominations been under the old convention system, and not a direct expression of the voters there might be some excuse for complaint. More, had a single candidate used undue means to secure his nomination, then there might be some reason for such feeling, but no one has hinted at an undue use of money or misrepresentation.
J. F. Jilison, the republican candidate for Sheriff, earned his nomination by hustling, why not reward him for his pluck and energy. No one pretends to say that he will not be a good county official.
Wm. W. Carr, candidate for County Clerk, is an efficient officer and his deputy is equally efficient. There are probably no better equipped people in the state for the office than Mr. and Mrs. Carr. Mr. Carr's physical condition precludes his doing any other line of work and he is especially fitted for this position. We like the spirit of Mr. Carrling whom Mr. Carr defeated at the primaries. He finds no fault with the manner of his defeat and says that he shall work for Carr's election.
E. C. Sturdevant, candidate for clerk of court, won his nomination on his splendid service as an official. He is a most efficient and obliging officer and we believe the people of Oneida County realize it.
Claude Shepard, candidate for register of deeds on the republican ticket, made a splendid fight for the nomination, received a good plurality of the votes, is well equipped for the office and would do the work himself. Can we ask more?
Carl Krueger, candidate for county treasurer, won at the primaries over a long list of candidates. He has held the office before, is now supervisor of assessments and thoroughly well fitted for the office of county treasurer from every standpoint. He should receive the solid republican vote of Oneida County.
S. S. Miller, candidate for district attorney has held the office the past six years and is looked upon as an able

official. He has no opposition at the polls.
D. H. Vaughan, candidate for county surveyor, is capable and popular. He will be elected without a contest.
CAMPAIGN OPENED.
Congressman Morse and Attorney S. J. McMahon of Antigo Speak.
Last Monday evening over five hundred people were in attendance at the Opera House to hear Congressman Morse and S. J. McMahon give reasons why the republican party should be retained in power.
Mr. McMahon was the first to address the audience. He is an able young man a fluent speaker and has bright prospects if he gives the platform work some of his attention. He spoke without notes and had his material logically arranged. He compared Mr. Bryan's past with Mr. Taft's and drew the conclusion that Mr. Taft's experience equips him well for the office of president. He then showed that the constructive work of the nation had been done by the republican party, and put clearly before the audience the splendid reforms of Roosevelt in the U. S. and LaFollette in this state and said if the reforms of Roosevelt are to be continued Taft is the man to do it.
Congressman Morse compared the republican policy on tariff revision downward with the free trade policy of the democrats and then spoke as follows:
"Mr. Bryan says the issue is 'Shall the people rule.' I say to you that the issue is—'Shall the people continue to rule, and shall the policies of Theodore Roosevelt be continued.' The election of Mr. Bryan would mean a repudiation of Roosevelt's policy of law enforcement.
During the last administration a mass of cases against corporations charged with the violation of the Sherman Anti-Trust act have been brought. Let me cite a few of them. First, there is the Northern Securities case; then there are the cases against the Beef Packers; against the Federal Salt Company; against the General Paper Company; against the Otis and other elevator companies; against the American Tobacco Company; against the Powder Trust; against the Standard Oil Company, and hundreds of others.
Many of these people have been found guilty and fined. The American Sugar Company was fined and actually paid into the treasury more than one hundred and fifty thousand dollars. Swift & Company, Armour & Company, Nelson-Morris & Co., were each fined and each paid fifteen thousand dollars. Hundreds of others have met with a similar fate.
Every one has come to realize under republican administration that all men, rich and poor, must obey the law or suffer the penalty for disobedience. There has been a feeling throughout the country that the rich could be immune from crime, but that is all changed now and people are coming to realize that every man, rich and poor, great and small, is now equal before the bar of justice. President Roosevelt has done this thing and Taft, if he is elected, and he must be elected, will continue to do this thing. If you believe in Roosevelt and what he stands for, you will vote for Taft. If you do not, you had better vote for some one else."

DEATH OF MRS. COWAN.
Had Resided Here Seventeen Years With Her Daughter, Mrs. S. H. Alban.
After an illness of one week with bronchial pneumonia, death came to Mrs. Alzina A. Cowan, Sunday morning, at the home of her daughter, Mrs. S. H. Alban.
Mrs. Cowan, whose maiden name was Dantworth, was born at Fort Collington, New York, July 27th 1824, and at the time of her death was 84 years of age. She was married in 1842 to James A. Cowan and with her husband came to Wisconsin in 1848, locating at Neenah. Later they moved to Wausau where they were prominent residents for many years. For the last seventeen years, Mrs. Cowan had made her home with Judge and Mrs. Alban. Mrs. Alban was her only child.
Mrs. Cowan was a lovable old lady and during her residence here made many friends. The announcement of her death is received with sincere sorrow and regret. The funeral was held Tuesday afternoon from the M. E. Church, Rev. Tink officiated. Relatives from away in attendance at the funeral were Mrs. R. H. Johnson, of Wausau, a niece, and Mr. and Mrs. S. T. Walker of Madison.

THE YOUNG REPUBLICAN.
In a business sense the young voters who have come forward since 1904 have more at stake than any other class in rendering a right decision. Their active lives are ahead. They have more years to live, and are now laying the foundations of their business careers. National policies and conditions are of the highest consequence to them. Perhaps they are farmers. If so, let them ask the older generation how farmers fared under the last Democratic administration. Let them take the market reports of to-day and compare them with the prices that prevailed when Mr. Bryan made his crusade for free silver and hurled defiance at President Cleveland because he stood by the gold standard. At the same time Bryan denounced the Republican party for its protectionist as well as sound money position. Perhaps the first voter is to engage in manufacturing or mining, as wage-earner or otherwise. Does he want his American rate of wages and the industry he chooses reasonably protected against foreign competition? If he does Mr. Bryan's leadership will take him in the opposite direction. St. Louis Globe-Democrat.

ROOSEVELT HOT SHOT.

On Haskell.
Governor Haskell's utter unfitness for any public position of trust or for association with any man anxious to make an appeal on a moral issue to the American people has been abundantly shown.

To Bryan.
In my judgment the measures you advocate would be wholly ineffective in curing an evil, and so far as they had any effect at all would merely throw the entire business of the country into hopeless and utter confusion.

I put Mr. Taft's deeds against your words. I ask that Mr. Taft be judged by all his deeds, for he wishes none of them forgotten. I ask that you be judged both by the words you wish remembered and by the words that seemingly you and your party now desire to have forgotten.

As an American citizen who prizes his Americanism and citizenship far above any question of partisanship, I regard it as a scandal and disgrace that Governor Haskell should be connected with the management of a national campaign.

Mr. Taft says that he stands on his record. No particular credit to Taft in that. Anybody would be glad to stand on the kind of record he has.—Topeka Capital.

Bryan, we learn from a Democratic contemporary, is giving the East a good scare. Bryan's scare, however, never hurt anybody but Bryan.—Philadelphia Press.

GROWTH OF WEALTH PER CAPITA.
Doctrine that the Poor Are Growing Poorer Shown to Be False.
(From the Los Angeles Times.)
In 1820 the savings banks of the United States held \$1,138,576. This was a poor country then compared with now. The amount was only an average of 12 cents for the population of that time. That amount of average economy was very small.
Now the people of this country have \$3,690,878,945 in savings banks. This is an average for the whole population of this time of over \$42. The actual depositors have an average of \$420 to their credit. In 1820 only 8,985 persons in the country were rich enough to have a savings bank account. Now there are 8,538,811.
When James Buchanan, the last Democratic President in a long line, went into office, there was about \$100,000,000 in the savings banks of the United States. By 1870, after fighting out the great war, the people, under Republican rule for twenty years, had \$350,000,000 in the savings banks. When the next Democratic President took his seat in 1883, the savings of the people had passed the billion point. By 1898 the savings had doubled again.
So there it is. In 1820 there were only about 8,000 people rich enough to have a savings bank account. Now there are over 8,000,000. In 1820 the savings were 12 cents per capita; now they are over \$42.
That the poor grow poorer and the rich richer in this country is as true as any other Populist notion.

Bryan.
He talks in the morning and talks in the night.
He talks when he's wrong and he talks when he's right;
He talks in the office and talks in the hall,
He talks in the church and he talks at the ball.
He talks to the Senate and talks to the House,
He talks to the people as poor common sense;
He talks to the press and he talks to the crowd,
He talks and he talks with a voice loud and loud;
Like an old clapper multiball sound to the end.
And die disappointed for a common friend.
—John A. Joyce, Baltimore, Md.

It is interesting to note that the same man who talks in the morning and talks in the night, who talks when he's wrong and he talks when he's right, who talks in the office and talks in the hall, who talks in the church and he talks at the ball, who talks to the Senate and talks to the House, who talks to the people as poor common sense, who talks to the press and he talks to the crowd, who talks and he talks with a voice loud and loud, like an old clapper multiball sound to the end, and die disappointed for a common friend, is the same man who talks in the morning and talks in the night, who talks when he's wrong and he talks when he's right, who talks in the office and talks in the hall, who talks in the church and he talks at the ball, who talks to the Senate and talks to the House, who talks to the people as poor common sense, who talks to the press and he talks to the crowd, who talks and he talks with a voice loud and loud, like an old clapper multiball sound to the end, and die disappointed for a common friend.

"A Real Stylish Outergar-
ment does more for a Woman's
appearance than any other
single thing."

WHEN you go to pick out your Jacket, or Cloak, or suit for the season, the first thing you want to be sure of is "the style," isn't it? If that isn't absolutely right you might as well get a last season's garment and be done with it.

Then the goods it's made of, also, must be in style, besides being of good quality, or else the general effect is spoiled.

And the fit and the making must be perfect, because if a garment doesn't fit or isn't made right it cannot keep its style.

To a certain extent you can tell wheather a garment has these qualities at their best, when you first see it, but you can't tell all about it until the end of the season, then if it hasn't proved just what you hoped for, or expected, its too late.

There's one way to be sure, though, and that is, find a make that has a reputation for being right then when you pick out anything of that make, you know the rest is safe.

The "Helfeld's" coats, which we are handling, have been sold season after season to the best, the most exacting people, who prefer and demand it because at all times the wearer is sure of being dressed in har- mony with the best.

One thing's sure, if you wear a "Helfeld's" garment you know you are "in style." You know the material is good and the right kind for the purpose. You know the making is the best and you know the fit is perfect.

The name "Helfeld garment" guarantees you the best, the most satisfactory, outer garment to be had.

About the price?

Whether the grade is the lowest or the highest, the price is the lowest at which it is possible to sell an honest garment.

PRETTY CHURCH WEDDING.

Miss Jayne Rezin Becomes the Bride of Perly Whittier.

A pretty wedding took place Wed- nesday morning at St. Mary's church when Dr. Leinfelder pronounced the words that made Miss Jayne Bernice Rezin the wife of Perly Linwood Whittier.

They were attended by Miss Edna Crowe, cousin of the bride, and Louis Pezey.

The bride wore a picture hat and was attired in a beautiful costume of white silk trimmed with Irish cro- chette. The bridesmaid wore a white hat trimmed with blue, and a gown of white chiffon.

High mass was sung by the choir, the Misses Schlessmann being the soloists. The church was filled with relatives and friends.

After the ceremony a wedding breakfast was served at the home of the bride's parents on Pelham street. The dining room was very artis- tically decorated, the color scheme being pink and white.

The bride is the daughter of Mr. and Mrs. John Rezin who are num- bered among the oldest and most re- spected residents of this city. She is an amiable young woman, possessed of many winning ways and is ad- mired and beloved by a host of friends.

Mr. Whittier is one of the promi- nent young men of Rhinelander and is held in the highest esteem by all who know him. He holds the position of window trimmer and decorator at Crusoe's department store.

Many beautiful and costly gifts of silver, cut glass and china were re- ceived.

Relatives and friends from out of the city in attendance at the wedding were: Wm. Rezin of Iron Mountain, Mich.; Mr. and Mrs. Joseph Crowe and daughter, Miss Edna of Tiel River Falls, Minn.; Mr. and Mrs. J. H. McClosky of Watersmeet, Mich.; Mrs. Ella Shay of Johnsburg, Pa.; Mrs. Chas. Crusoe of Flint, Mich.; and Joseph Crowe, Jr. of Minocqua.

Mr. and Mrs. Whittier departed on the 10:45 Northwestern train for Menomonie. On their return they will reside in a home recently added up by the groom on Door avenue.

NEW TOWN BOOMING.

The new town of Goodman on the Soo line is building up rapidly. The big saw mill of the Goodman Brothers is nearing completion. About one hundred men are now there working on the mill, boarding house and other new structures. It is es- timated that within a few months this village will have a population of over five hundred people. There is enough timber there to keep the mill in operation for twenty-five years.

STRANGE WARDENS COMING.

From now on until the close of the hunting season many game war- dens from the southern part of the state will be transferred to ser- vice in northern Wisconsin. Game Warden Martin Berg says that there will be four strange wardens on duty in Oniella county. These men are sent here by State Warden Stone who is of the opinion that they can better cope with violators than the wardens who are known.

The recent forest fires have driven many deer into the open. The ani- mals travel in herds of four and five and become easy victims for the guns of the pot hunters. Many deer are daily being slaughtered in the woods of northern Wisconsin.

HOUSEHOLD WORRIES.

There is Not the Slightest Need for Some of Them Existing in Rhinelander.

The average mother finds sufficient annoyance and worry performing the ordinary duties in the rearing of a family, but the cares and anxiety are doubled when there is added to ordinary conditions that of weakened kidneys in a juvenile member of the family. How to cure it should be of untold value to Rhinelander mothers. Read this:

Mrs. Alexander Denoyer, 728 Dorr Ave., Rhinelander, Wis., says: "I have a son who was troubled with weak kidneys for ten years. At times he was very bad off, especially if he did a hard day's work. I procured many remedies for him but nothing did him any good until I heard of Doan's Kidney Pills and obtained them at J. J. Reardon's drug store. My son began their use about six weeks ago and is now almost entirely free from pain. He sleeps well at night, works every day, and feels much stronger and better in every way. I hope others having kidney complaint will try Doan's Kidney Pills."

Are You Only Half Alive?

People with kidney trouble are so weak and exhausted that they are only half alive. Foley's Kidney Remedy makes healthy kidneys, restores lost vitality, and weak, delicate people are restored to health. Refuse any but Foley's. J. J. Reardon.

A CHARMING YOUNG MOTHER SAYS:

"I Want To Recommend Pe-ru-na To Mothers."

MRS. E. W. BROOKS.

Weak, Exhausted, Pe-ru-na Gave New Life.

Mrs. E. W. Brooks, 5415 S. Steele St., South Tacoma, Wash., writes: "I want to recommend Peruna to mothers. When my little girl came, I felt very weak and exhausted, and it seemed that I could not regain my strength."

"My mother bought me a bottle of Peruna, after I had tried several other much advertised remedies without relief. I had little faith, as I was very weak, but within a week after I had commenced taking Peruna I was like a different woman."

"New life and vitality seemed to come each day until in a few weeks I was in fine health and a happy woman. Thanks to your splendid medicine. I have enjoyed good health for several years. I always keep Peruna on hand, as a few doses will set me right when I am feeling badly."

Catarth of Ears.

Mrs. G. W. Heard, Hempstead, Texas, writes in regard to her son Carl: "My son's ears had been affected since he was a baby. He seemed to have rings in his head. He would be very fretful for several days, then his ears would run profusely what appeared to be corruption. The last year I thought he had almost lost his hearing and had a local physician treating him for about six weeks."

People Who Object to Liquid Medicines Should Buy Peruna Tablets

He pronounced him well and for a few weeks he was not troubled, but since that time the discharge from his ears was almost constant and very offensive.

"Finally I began giving him Peruna and Lacupia, and after he had taken two bottles of the Lacupia he was entirely cured."

"I cannot praise Lacupia and Peruna enough."

A piece of flannel dampened with
Chamberlain's Liniment and bound

any plaster. When troubled with a
lame back or pains in the side or
chest give it a trial and you are cer-

pains and is certain to please anyone
